Their Journey, Their Needs, Our Support.

My name is Jimmy May and I have been employed at Walmart since August of 2012. I obtained my job through the help of Direct Link.

I have many responsibilities at Walmart, including answering the phones, performing health screenings for employees due to COVID-19 and greeting people as they come to shop. When I am not working, I enjoy watching movies, going to see new movies and going on outings with my friends.

I work four days per week. Each day I may be assigned any one of these jobs; on a busy day, I may do all of them. When I arrive for my shift, I receive my assignment for the day and do whatever is needed of me to complete the task. I enjoy wearing many hats during my shifts!

My favorite part about working at Walmart is meeting new people and, more importantly, making the customers happy. It makes me happy to know they are having a good shopping experience. All my fellow employees are very friendly, and they are always there to help me or answer my questions if I do not know something. I am incredibly happy at my job and hope to stay at Walmart for many years to come!

Thanks to Direct Link for all the support in helping me become a successful employee at Walmart!
